I'm guessing the Bay Delta project in question is the BDCP, so here's the most recent briefing paper plus a map.

To give the BDCP context, I've also attached a Bay Delta overview paper prepared in FEB for the Administrator and the homemade graphic Jared requested about the CVP/SWP. The two briefing papers contain multiple hyperlinks to take you to source materials.

Please let me know if you need more.

Thanks, Tim

Hi Jared - we just heard that the Bay Delta project may come up at the Administrator's hearing tomorrow. Can you send us the latest?
